

eLearning: Neurodiversity in the workplace

Who is the course for?

The Neurodiversity in the workplace eLearning course is designed for all staff.

What is the course content?

Throughout this course, you will learn the meaning of neurodiversity and how to best adjust communication style, the working environment and ongoing support throughout an individual's career.

- Different forms of neurodiversity
- The different ways of thinking and communicating
- Creating an inclusive environment
- Supporting through recruitment and onboarding
- Career development

What are the learning objectives?

- Understand the range of neurodiversity and how different neurodivergent conditions can influence thinking, communication and behaviour in the workplace.
- Develop strategies and learn practical tips to create an inclusive work environment that supports neurodivergent individuals, from recruitment and onboarding through to career development.
- Learn how to foster career growth and accommodate neurodivergent employees, ensuring equal opportunities for development and success.

This course equips participants with the knowledge and tools to create an inclusive workplace that embraces neurodiversity, supports diverse ways of thinking and communicating, and enables equitable opportunities for all employees.

 Approximately 45 minutes (self-paced)

 For staff at any level
